Join us for ONE WORLD, an engaging program of short films that brings into focus the lives and cultures of the vastly different, yet amazingly similar people with whom we share the planet.

ONE WORLD is an interactive, eye-opening event guaranteed to get you talking. This FREE presentation is followed by a lively guided discussion about the films you've just seen, how they reflect our shared experiences and their transformative power.

ONE WORLD is appropriate for ages 16 and up. For further information visit www.psfilmfest.org or call the Palm Springs International Film Society at 760-322-2930.

ONE WORLD is supported by a grant from The James Irvine Foundation.
